## A Good Shoe is A Good Friend

A good shoe is closer to you than a brother. It upholds you under all circumstances, and is true to you until the end of its life.

That is a GOOD shoe!

Like a real friend, it never gives you pain, nor are you ever ashamed to be seen in its company.

On the basis that a man is known by the company he keeps, the good shoe recommends you on many an important occasion.

The whole path of your life is made more comfortable and delightful in the company of that GOOD shoe.

If you wear "INVICTUS SHOES" you know what meaning there is in the shoe-friendship.

### "Best Small Fair in Alberta."

This was the statement made by the government judges to Secretary Atkins on Wednesday last.

Fine weather, large exhibits of stock, and above all, a good crowd greeted Didsbury Fall Fair on Wednesday last. In spite of the bad storm on Monday the weather men handed out one of the finest samples of good, bright, warm weather on Tuesday and Wednesday, consequently the grounds were in a good deal better condition than was expected.

The exhibits of horses beat anything in this class of farm stock that has ever been shown in Didsbury, and it was a great educational feature in itself to watch the judging of the large number of splendid animals shown in the new ring. Clydesdales, Shires, Percherons, and almost every breed of farm, agricultural and general purpose horses were included in the exhibits, and it was surprising to those who are not closely in touch with the advance of the Didsbury district in the raising of good stock to see the great advance that has been made in the last two or three years along these lines. No doubt the large number of special prizes, consisting of cups, shields and money, as well as the generous money prizes offered by the Society in the horse classes helped to bring out such a large exhibit and it should be a great incentive both to the directors of the Society as well as the business men to still further the good work at this Fair by continuing it along similar lines in the future.

The cattle classes were not quite so well filled, the same with hogs and sheep, but what was shown were some of the best in the province and showed a great advance along the lines of dairying cattle over other years.

The poultry exhibits drew a great deal of attention as they were better filled than other years and comprised some splendid specimens of the feathered tribe, showing that this important branch of the farmer's business is being advanced along right lines.

The grain exhibits were the best ever shown in Didsbury, the classes in wheat, oats, barley, etc., being well filled and of good quality. There was very little threshed grain shown, no doubt this was on account of the lateness of harvesting operations.

Perhaps the exhibits that drew the most attention among the smaller stuff was the splendid exhibit of vegetables, roots and green goods, and as these were all home grown was a great advertisement as to what the Didsbury district could do along these lines. There was not as large a showing made in this line as last year, but the quality in a great many instances was much better.

There were two farm exhibits which comprised all kinds of grains, grasses, roots, vegetables and everything which can be grown on a farm. The exhibits were good and were shown by Mrs. W. Dageford, who had gone to considerable trouble in arranging the displays.

The ladies of the district evidently were either too busy to prepare anything for this year's Fair or else they felt that they were not receiving justice at the hands of the Fair directors in the matter of prizes, because this was the poorest showing in the way of fancy work, baked goods and preserves that has ever been made at a Didsbury Fair. The articles shown were very good, but there was not enough to make it interesting as in other years.

The Didsbury Silver Band entertained proceedings during the day and in the evening a dance was held in the Opera House which was well attended.

Secretary Atkins has been unable to make up the list of prize winners up to the time of going to press, but just as soon as we receive it it will be published.

Complaint is being made of considerable damage done to property by boys with sling shots. This state of affairs should not exist. Owners of property do not want to be put to a considerable expense in repairing windows broken by lads who think they are having fun. Parents are partly responsible in this case and if they have to pay a considerable fine and costs for damages, which the law provides, they will see that their boys destroy these dangerous playthings. It is to be hoped that there will be no occasion to resort to the law in the matter and this article is written to all parties concerned as a warning.

The Fair last week was a decided success and reflects great credit on the town as well as the management and directorate of the Agricultural Society, and no doubt the free advertising we will receive through it will help to promote the welfare of the whole district as a great mixed farming center. But there is a little room for criticism in the fact that the prizes for grain, roots, vegetables and dairying products are rather small in comparison to the excellent prizes offered in the live stock classes. Of course we understand that the horse and cattle classes are the most important to the district, but this should be one of the best garden and dairying districts as well. We have the soil, the climate, and most important of all we have a large and growing market right at our doors, at Calgary, which should be fostered. The Agricultural Society directors could help this along by giving more encouragement along these lines, in increasing the amount of the prize money and thus encouraging and educating the farmers and others in looking after this part of their business which to some extent is neglected.

Talking on Fair matters it is perhaps timely to bring up the question of why there is not more interest taken in it by the business men of the town. The Fair benefits them just as much and perhaps a little more than it does other classes of the citizens, but as a rule they take less interest and give less help than any others. True, the most of them pay for an ad. in the prize list and then consider that this is all that should be required of them. They are quite content to let two or three of their number work their heads off with worry to make the fair a success instead of taking hold and working all together and making the affair a bigger and better success than ever. It is to be hoped that when the annual meeting of the Society is held that they will rally to its support and help to make things more interesting. The Didsbury business men have undertaken to push other things to a successful issue and so they can with the Fair if they will only take the interest in an event that benefits them more than any other. The reason of the great success of the previous Fairs cannot be placed to their credit.

**Hints For Travellers**

When a man serves as a woman's escort on a railway train he should buy her ticket, see that her luggage is checked, carry her bag, etc., or pay a porter to do so, and see that she is comfortably seated. If the journey is a fairly long one and the ticket cost a few dollars or more, she should man should pay for the ticket, but if it is only a short trip and the cost of the ticket is comparatively small the man should pay for everything. If but one meal is taken in the dining car the man may act as host, but when the journey is a long one the woman should, of course, pay for her own meals.

When a long journey of some days is taken, a man will frequently find that he can serve in many ways a woman or women who are travelling alone. This is perfectly proper if it is done with dignity. But during a run of a few hours it is not permissible for a man to try to make the acquaintance of any woman travelling alone, no matter how much he may wish to help her in various ways.

A well bred traveller will never push elbow a seat into a car, but will offer politely, following those who are already in the line of people who are waiting. In a car that is partially filled it is permissible to deposit one's belongings in an empty seat, but as the train fills up and should not be so inconsiderate as to occupy a seat in this way.

**IN DREAD OF PILES**

Many Believe That Nothing Short of the Surgeon's Knife Will Effect Cure. They Do Not Know

**DR. CHASE'S OINTMENT**

The agony caused by the intense itching and the depressing debilitating effect on the system, the dread lest a surgical operation might be necessary—these are the things which make piles of hemorrhoids an distressing.

The doctors have been recommending surgical operations as the only cure. But the surgical operation, with all its dangers and expense and pain, does not usually effect a lasting cure.

Many a case has been cured by Dr. Chase's Ointment after the surgical operation had failed. Here is a case which doctors gave up.

Mr. J. Mower, Bolton, Man., writes: "Dr. Chase's Ointment is a wonderful preparation. I had itching piles for over six years, and though I tried two doctors' prescriptions and used many other preparations could not obtain much benefit. The doctor told me there was no cure for me, and that I would have to undergo an operation. I bought a box of Dr. Chase's Ointment and was completely cured in one week. As this was six months ago and there has been no return of the old trouble, I believe that the cure is a permanent one."

One thing certain, Dr. Chase's Ointment will bring you relief from the dreadful itching and burning almost as soon as applied.

To make the cure thorough and lasting it is only necessary for you to keep up the treatment regularly and persistently. Don't be satisfied with relief. Dr. Chase's Ointment will cure completely if you will do your part. 60 cents a box of all dealers, or E. J. Mansfield, Bates & Co., Limited, Toronto.

**THE DYING NUN**

Let me give you in verse, my friend, Let me see the midnight sky Stand back, sisters, from around me; It is so hard to die. Pale my pallor will you, Martha? Sister Martha—were you kind, Come and sit alone beside me, For I leave you all behind.

Hold my hand, so cold and frozen; Once it was so soft and white; And this ring that falls down from it— Little ring they thought so worthless, that they let me keep it there— Only a plain golden ring.

With a brand of Douglas' hair. Sister Martha, are you near me? You were kinder than the rest. Crib my head, and let me lean it. What I lie upon your breast. I was thinking of some music, That I heard, long, long ago, Sweetly now the notes are singing In the chapel, soft and low.

Oh, my father, oh, my mother! Will you not forgive the past? When you hear a stranger tolling How your dear hands died at last out of all who used to love me. Who will weep when I lay dead? Only you, oh Sister Martha! Keep the last watch round my bed.

But a strain of heavenly music, Through the holy windows heard, Still I hear the old waltz playing, And I float away with him. I am coming, Douglas, Douglas, Where you are I too am there, Dead at last, I come, my little Clara, Death gives back your dear Clara.

Sister Martha, Sister Martha, Has the death gone down on you? Oh, the cold seems cold as winter, Though I know that it is June. Sisters, in your white beds lying, Sleeping in the June moonlight, Through your dreams comes there no message.

Clara dies alone tonight.

The contest held at Berlin school house on Friday night was well attended and was a success. The selections were all well rendered. The judges' decision was in favor of Edwin Oldham.

Four delegates were elected to represent the Neapolis union at the W. C. T. U. convention at Calgary the first of the week.

The next regular meeting of Neapolis union will be held on Thursday afternoon, Oct. 19th, at the home of Mr. J. Burns. Reports of convention will be given.

## Death of Geo. Mathewson

Ghost Pine Creek, Oct. 2nd.—Death came suddenly to George Mathewson at the home of his sister, Mrs. Josiah Dawn, Ghost Pine Creek, Alta., on Tuesday, September 26th.

Deceased had been ailing for a few weeks but nothing serious was anticipated until Saturday morning, when he was stricken with paralysis. The doctor was summoned immediately but gave no hope and he never regained consciousness.

Rev. Forsyth conducted an impressive service at the house, which was attended by a large number of sympathizing friends and neighbors.

Mr. Mathewson is survived by two sisters and one brother, Mrs. Owen, Ghost Pine, Mrs. Bill, Weyburn, Sask., and John of Marfeld, Ont.

## The Power of Compound Interest

A man may secure an absolutely sure income of \$600 a year for his little five year old daughter, or granddaughters, from the time she is 15 to the end of her days, if he will pay to the Canadian government the sum of \$964.75. If she should die at any time before reaching the annuity age the money paid together with a per cent. compound interest will be refunded to the purchaser, or as he may direct. There are few parents who, when they understand the matter, will not be anxious to make the investment, if they can spare the money, in order to have the assurance that their daughter, no matter what reverses overtake her after she is 15, would have a comfortable income in her old age—an income that she cannot be deprived of by any person or by any process of law.

Full particulars of this excellent scheme may be had on application to the Superintendent of Government Annuities, Ottawa, to whom letters go free of postage.

## Dedicatory Services

The Seventh Day Adventist church, which has just been completed, will be dedicated Sunday evening, Oct. 15th, services beginning at 7.30. Elder C. A. Burman, president of the Alberta Conference of Seventh Day Adventists, will deliver the address. A cordial invitation is extended to all.

There will also be held a special service on Sunday afternoon at 3 o'clock. Prof. P. P. Adams will speak on the subject, "There Should Be Time No Longer." Rev. 10:5. Come.

The regular Sabbath services at the Seventh Day Adventist church will be as follows: Sabbath School at 2 o'clock, preaching service following at 3 o'clock. You are cordially invited to attend.

## Farm For Sale

To whom it may concern:

My Father in Heaven has asked me as His child and steward of His possessions to sell and store for further use all my property in Manitoba, being the north half of section 27, township 12, range 24, west of the third meridian, comprising 320 acres of good land, but not as good land as we have here in Alberta. It is not as good a stock or grass country but better for raising grain. To fulfill God's law of liberty (which I love) as it is necessary to true love, I am in duty bound to dispose of it to the highest bidder that fulfills conditions. When I have done that, I can look the whole world in the face and say I owe not any man.

There is about 260 acres under cultivation, balance good hay and pasture land. Has many beautiful groves of poplar. A planted grove of about 1400 trees on building site, about 60 yards north of building, which is a great protection from snow drifts in winter. Has one of the best and attractive building sites I ever seen. Nice and dry in rainy weather, is therefore healthy and gives a good view of entire farm and surrounding country. It is surrounded by noble people who love God and look upon Christ as the ideal man. A Welsh Methodist minister who traveled much said they were the kindest and most sociable people he ever walked among. Two churches and one school a few miles away, where good religious services are held every Sabbath, also Sunday schools and good day schools. Has various forms of recreation for those who want to have a good time. Motto: Help yourself and others too. A promising, hopeful, clean rising generation of young people to gladden the heart of the old. Good markets and obliging, courteous merchants who will cheer you in Alberta. Two C. P. R. roads, one 8 1/2 miles, the other 8 miles away. Grand Trunk Pacific within 6 miles. Very honest people, many gifted with great eloquence and good Christian workers and doctors of the World. Some exceptionally fine young women, who are an honor to any community or nation. I am showing you the good things I don't mean to say there is no evil there. A good crop on farm this year. Less snow, hail and cold weather in summer there. Better climate for growing vegetables and fruit. Most of the neighbors come from Ontario, some Scotch, Irish, English and a few Germans. Some usually come about the middle of November and stays until the middle of March to the 1st of April without a break. Few bugs, raised, mostly horses and beef cattle with moderate number of hives and bees. Wheat principal crop, usually of the best quality, with good quality of well water of which there is an abundance. Most farmers have good lands and other buildings, none is below the average. Estimated value of farm, about \$10,000. Will sell on easy terms to suit purchaser. A discount of 6 per cent for cash or part paid to me. Sale to commence on 3 o'clock in the afternoon of November 15th, 1911, on the premises. Trust a warm reception given to visitors. Good roads and clean towns with local option in full force for years. People seeking the Kingdom of God reason of prosperity.

For further information apply to James Edward Etsell, Didsbury.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by dealers everywhere.

## Business Interest For Sale

On account of having taken a homestead and pre-emption in the eastern part of Alberta, where my family is located, I have decided to sell my one-fourth interest in the Alberta Cultivator Co., which is in a prosperous condition. For further particulars apply to D. G. Meyer, East Didsbury, P. O. Box 163.

## No Hunting Allowed.

No hunting allowed on my premises. Anyone trespassing will be prosecuted to the highest extent of the law. N. W. 1/4 of Sec. 13 and S. 1/2 of Sec. 24, H. L. Sanderman.

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by dealers everywhere.

## LAND SHOWING IN CALGARY

### SOMETHING NEW IN THE SHOW LINE IN CANADA

First of the Kind in Canada and Will be a Booster—Big advertisement for Whole West—Unique Features and Lectures on Subjects of Vital Interest—No Expense Will Be Spared to Make Show a Success.

Calgary—What promises to be the biggest advertising feature ever held in connection with this thriving and rapidly growing city will be the land show which will take place at Sherman's rink from Saturday, November 11th to the following Saturday, November 16th.

Canada has never had a land show. Calgary's distinction in being chosen as the city for the first land show to be given in the Dominion is therefore a unique and particularly creditable one and further emphasizes that Calgary is the queen city of the west, and one of the best known and most prominent of the whole Dominion.

In the United States land shows have been held at the larger centres and have proven to be a most useful means of giving publicity to the land and desirable publicity—a publicity of a comprehensive and result bringing character for the land and the surrounding territory were placed before thousands of people in a concrete and convincing way.

The value of a land show as an advertiser Calgary and the province of Alberta has so strongly emphasized that the citizens of the city and the most prominent Calgaryans have taken an enthusiastic interest in the event.

The Commercial and Technical features of the exhibit will be looked after by experienced men and specialists in this form of publicity. The show will open with a big street parade on the first evening. The exhibit, Mayor Mitchell will formally open the show. Other prominent citizens of Calgary and the provinces will lend a hand to start the ball rolling under distinguished auspices.

The band of the 10th regiment will head the parade and will be at the rink on every afternoon and evening of the show. The exhibits will embrace farm products, photography, real estate, the booths, plans of homes, model dwellings, etc., and addresses on finance, political economy, and kindred subjects of interest to a live and progressive people will be given by well-known lecturers.

When seen recently by Mr. Connors, the president, said no expense will be spared to make the show a success and credit to Calgary.

"In projecting the Calgary Land Show and Home Building Exhibit," said, "we have taken the most practical plans that have gone to make similar shows in Chicago, St. Louis, Cleveland, and other cities in the States successful."

"There will be nothing of an undignified nature connected with the exhibit. All plans and schemes schemes employed in such enterprises finding no favor in our eyes."

"We have invited a number of men prominent in Canadian life to attend and while it is too early to name definite announcements in this connection I think we can safely say several of the leading orators in the Dominion will be on hand."

"We are greatly encouraged with the reception accorded the first announcement of plans of the show and will prompt the management to greater efforts."

The very fact that Canada has never had a Land Show and Home Building exhibit it all the more reason why Calgary should take the initiative and thus reap the rewards coming to the pioneer in any field of commercial endeavor."

## ALBERTA INDEMNITY INCREASES

Census Returns Will Show Alberta With 400,000 Population

Edmonton, Alta.—The census figures for Alberta are not yet officially announced, but it is known that the result of this province will be on the verge of the 400,000 population that is necessary to attract a Dominion indemnity of \$200,000 a year for the next five years.

The census returns are made in the form of population for Dominion election ridings, of which there are seven in Alberta. The results known up to date are as follows: Mackle riding, 60,000; Lethbridge, 70,000; or to be accurate 70,200; Red Deer, 60,000 or to be accurate 60,100; Strathcona, 50,000; Edmonton, 60,000; Population, 400,000. For six of the seven ridings the total is within a few hundreds of 300,000 population.

The only riding in which returns are not yet available is that of Calgary. In order to give the province of Alberta the 400,000 population necessary for the increased indemnity, Calgary riding must show 64,000 population.

Alaska Miners Rescued

Firebrakes, Alaska.—The fourteen men who were outcreek have been rescued, none the worse for their confinement of 54 hours. A drift of snow through which they had been provisioned, was enlarged by thawing until it was big enough to permit the escape of a man to pass. Then the imprisoned miners were pulled up one after another to the surface of the ground.

## SPLENDID CROP ALL OVER WEST

### C. N. R. Report Shows Excellent Yield in Every Part of The West

Calgary—Cutting is now through in the west and threshing would be well under way if it was not for the wet weather. Local farmers will have a yield of 38 1/2 bushels to the acre while the average crop will easily be 40 bushels per acre. This station will market nearly a million bushels and will grade about number 3 Northern.

Threshing operations have been materially affected in Manitoba by the wet weather and in the Dauphin subdivision it is only about half finished. The average yield around Plumas will be 20 bushels to the acre, grading No. 2 Northern.

The Vermilion subdivision is backward owing to a snowstorm delaying threshing operations.

Along the main line to Edmonton the weather has been fairly good and the cutting is well under way.

The cutting is through, but the indications are that the grade will be improved by a No. 2 Northern. Lethbridge on the Rockville line shows a good season but the threshing is only about half finished.

Miami reports that 105,000 bushels have so far been shipped and this record is being equalled by grain to be rapid although delayed by wet weather. The average yield is 40 bushels, this being about 30 per cent. of the crop.

The estimate at Hartney for the grain crop of that district is 225,000 bushels.

Threshing is general on the Regina route. Wheat is yielding is to 25 bushels to the acre, grading 3 to 4 Northern.

On the Rosburn line threshing has not yet commenced although cutting is completed. Threshing will start in about a week. The outlook for a large market is good this fall and the wheat promises to grade about 2 to 3 Northern.

At Bowman on the Erwood subdivision wheat will average 30 bushels, oats 30 bushels and barley 40 bushels to the acre.

At Aylesbury on the Saskatoon subdivision the wheat is coming in at 25 bushels to the acre, grading 3 to 4 Northern and an average of 40,000 bushels is being marketed. At Chamberlain, where the same section cuts still run as high as 140 bushels to the acre and will average 60 to 70 bushels.

MAKING TRAIL SAFE

No Danger of Duplication of the R. N. W. M. P. Tragedy

Ottawa.—That the terrible tragedy which took place last winter, when Inspector Fitzgerald and three North-West Mounted Police were frozen to death while transporting mails between Dawson and Fort McPherson, will not be repeated, is the news brought by Major Howard, of the R. N. W. M. P., who was formerly stationed in Dawson, and himself made the same trip several times.

After a long and arduous journey, Major Howard, "with food for men and dogs for dogs. There is a trail, no more, but the trail is running short with these in between."

Major Howard claimed that the tragedy was caused by the unnecessary risk which Inspector Fitzgerald took when he went on the trip.

"He had time, so often that he probably thought he could do it on his head, but really every time he made the trip he takes his life in his hands," he declared.

"One serious objection the inspector made was in taking no shelter along with him. If he had had a shotgun he could have got partridge, which are always plentiful, and perhaps the party would have been enabled to reach safely."

## ALBERTA DAIRY THE BEST

Hundreds of People at Spokane Exhibition Acknowledge Superiority of Butter and Cheese from Alberta

Calgary.—A short time ago J. N. Gendron, Canadian government agent at Spokane, sent a request to C. Marker, provincial government dairy commissioner, to send a sample of Alberta dairy butter and cheese for exhibition purposes. Mr. Marker promptly forwarded the following acknowledgment:

"Spokane, Wash., Oct. 4, 1911. Mr. C. Marker, Dairy Commissioner, Calgary, Alberta.

Dear Sir,—I wish to inform you that the shipment of butter and cheese reached me in good time and in splendid condition, and are of excellent quality—the best I have ever had for exhibition purposes here. The cheese particularly is pronounced by hundreds of people as the finest yet.

Yours very truly,

J. N. GENDRON, Canadian Government Agent.

## Millionaires as Smugglers

New York.—Nathaniel Allan, a millionaire leather manufacturer of Kenosha, Wis., and John R. Collins, of Memphis, Tenn., were indicted at Spokane, Wash., for smuggling goods into the United States circuit court to smuggling jewelry and other goods into the country and were sentenced after a plea for clemency. Allan to pay a fine of \$12,000 and Collins \$4,000.

## ITALY OCCUPIES TRIPOLI

TURKS ARE DRIVEN BACK BEFORE HEAVY CANNONADE

Rumor of Sinking of the Big Battleship—The Italian fleet is reported to be made of the Italians firing on and sinking a British Boat Under Her Own Flag—Complication with the Powers Possible.

LONDON.—The Italian flag floats over Subania fort at Tripoli, which is occupied by landing parties. Part of the fleet is anchored in the harbor and the other warships lie in a short distance from the dismantled fortifications.

A few bodies of Turks have been found against the walls of the city, and apparently no great number of Turks were killed by the bombardment.

According to a Constantinople report, not yet confirmed, the Italian warships recently bombarded Benghazi and Derna.

Various rumors concerning a naval engagement in Turkish waters, and the blowing up of the Italian battleship Conte di Cavour at Tripoli, have not been confirmed from any reliable source.

An interesting report is current from Constantinople that while Germany has accepted the adoption of the Italian ultimatum as the basis of peace negotiations, Great Britain proposes that Tripoli and Subania should be handed over to Turkish Velayet, under joint Italian-Turkish administration, thus restoring the status quo ante.

Rome, via Frontier.—General Sanguinetti, the minister of war, speaking of the sinking of blue sails of Tripoli, said:

"This is the first step. We will now be able to show the world that we are anxious to demonstrate that our organization and efficiency are equal to those of the other powers in the world. Taranto, Vice-Admiral the Duke of Salaparuta, arrived here recently. He was given a magnificent reception by the people of the city, and upon their shoulders in triumph."

Rome.—A despatch from Tripoli says that the Italian fleet, under the command of the Duke of Salaparuta, has landed in Tripoli to protect the Italian church and hospital.

LONDON.—The Chronicle's Constantinople correspondent says that Italian warships are bombarding Benghazi and Derna, and that the former is vigorously turning the fire.

## PLENTY OF DEEP WATER

Experience of "The Minto" Shows That Report of Shoal Water at Port Nelson is a Myth

Winnipeg.—Word has just reached Winnipeg from the north that the government steamer "Minto" arrived safely at Port Nelson on August 11. The "Minto's" mission into Hudson Bay was to make a reconnaissance of the coast, and to prepare an accurate chart of Port Nelson. The informant who was aboard the steamer, stated that the water was as deep as the harbor some ten miles, as is the usual custom of the Hudson Bay company's ships.

On the 10th of the month of the Nelson river, well inside of a line between the two bays.

When the ship was passing up the harbor her draught was 22 feet and she was also low tide at the time. There was no danger of her running aground, where about as sounding were taken at intervals of every few hundred feet. The water was there less than from ten to fifteen feet away between her keel and the bottom. This is somewhat of a surprise, the fact being from the fact that the "Minto" is the first large steamship that has ever entered the Nelson river at its mouth.

WOMAN'S NARROW ESCAPE

Hotel Train Runs Away With Bus

Calgary.—A woman hauling the Queen's hotel bus left the Alexandra hotel, where their driver had been drinking, and was driven off by a horse. The bus was driven off by a horse. The driver was drunk and was driving the bus off the hotel. The bus was driven off by a horse. The driver was drunk and was driving the bus off the hotel.

CATTLE EMBARGO RETAINED

Foot and Mouth Outbreak Necessitates Action

Ottawa, Ont.—Owing to another serious outbreak of foot and mouth disease in Somersetshire, Eng., the restriction which was removed on the exportation of cattle and sheep and other ruminants and swine from the United Kingdom into Canada, has been reimposed. This order will affect a number of Canadian importers, some of whom have been charged in Great Britain in the hope of being able to bring them to Canada before the close of the present season.

## MANY NEW BRANCH LINES

### Canadian Pacific Railway Pushing Steel in the West

Settlers coming into Canada each year will have at their service many miles of new railway lines for transportation into new sections of the prairie provinces. The Canadian Pacific Railway has at present under construction nearly six hundred miles of new branch lines. Hundreds of gangs of laborers and track-layers are at work in various parts of the country, and surveys are at work mapping out other lines in all parts of the province. As fast as these lines are completed and inspected regular services are being inaugurated, so that when the yearly rush of new settlers to the West starts, next spring, there will be plenty of new territory opened up.

The largest of the new lines in Saskatchewan being built by the C. P. R. is that between Regina and Colony. This line runs almost directly north from Regina until Craven is reached, when it branches off in a westerly direction to Winnipeg-Edmonton line. It is 133 miles from Colony to Regina, and on this, a service will be started to Winnipeg-Edmonton line.

Another of the new P. R. branch lines in Saskatchewan of over a hundred miles in length is that between Melville and Kerrobert. This is really the middle division of the Moose Jaw-Macklin branch. Services have been started on some time between Melville and Kerrobert and Outlook and Moose Jaw, but there are still a number of miles of the middle division to be built. When it is finished the entire branch will be 267 miles long, and will form a junction with the Lacrosse-Castor branch at Kerrobert. This new line will be a great boon to the farmers in Saskatchewan for not only will the farmers along the right-of-way benefit, but it will give the farmers in other cities, in its territory, direct new connection with the main line of the Canadian Pacific.

Moose Jaw, Regina, Brandon, Winnipeg, Minneapolis, St. Paul and Chicago.

A third big branch under construction is from Weyburn to Lethbridge. Up to March of this year track on this line has been laid for a distance of fifty-two miles from Weyburn. There is now a through service between Weyburn and Lethbridge. On the rest of the line from Weyburn westward grading was commenced in May of this year, and about fifty per cent. of it had been completed up to mid-July. This line when completed will permit of a direct route from Port land, Oregon, to St. Paul, Minneapolis, Chicago, and it will also open up a very fertile country.

From Swift Current there are being built two branches, northwest and southeast. Both of these branches were started three months ago, but on each fifty per cent. of the grading is now completed. The first named branch will give good transportation facilities to the farmers near the South Saskatchewan river.

There are also two branches being built from Wilkie. One of these branches reaches out in a northwesterly direction, and the other in a southwesterly direction. On the former, which is 36 miles long there is 75 per cent. of the grading completed, while on the latter out of 52 miles there is 15 per cent. of the grading finished.

Another of the southern branch from Wilkie will be further supplemented by a branch running from Kerrobert, and will give good transportation facilities to the farmers in that locality. This branch from Kerrobert, northwesterly, will be twenty-five miles long. Up to date eight miles of grading have been completed.

On the eastern, northeast branch, there are fifty-five miles of new track under construction. This branch connects with the Weyburn-Lethbridge branch at Forward. On Regina-Biggar branch, 42 miles, track-laying has been completed, and a service will be started from Regina to Moose Jaw.

On the branch from Pasqua to Moose Jaw, eighty-five per cent. of the grading is completed, but the service has as yet been laid. About equal progress has been made on the double-track between Moose Jaw and Aron.

The other end of the branch in Saskatchewan on which construction work is being done, is the Moose Jaw-Macklin branch. This branch is 175 miles long. Up to date eight miles of grading have been completed.

## THE SUNDAY SCHOOL

LESSON III.—FOURTH QUARTER, FOR OCT. 15, 1911

Text of the Lesson, Ezra 1, 1; 11, 64—Memory Verses, 1, 3, 4—Golden Text, Mic. vii, 18—Commentary Prepared by Rev. D. M. Stearns.

As we turn to the story of the return from Babylon some words come to mind which are these: "Every purpose of the Lord shall be performed." "Whatever the Lord pleased that did He." "He worketh all things after the counsel of His own will" (Jer. 1, 19; Ps. cxxxv, 6; Eph. 1, 11).

Compare the previous lesson, chapters, verses 21, 22, and the words of the Lord Jesus in Luke xxiv, 44. "All things must be fulfilled which were written in the law of Moses and in the prophets and in the psalms concerning me." All the prophecies concerning the captivity of Israel and Judah were fulfilled, and now under Ezra and Nehemiah the prediction concerning the return from captivity are to be fulfilled, God controlling the hearts of men to do His will, and as surely shall all predictions concerning a still future restoration be fulfilled, and all the prophecies concerning the captivity of Israel and Judah were fulfilled, and now under Ezra and Nehemiah the prediction concerning the return from captivity are to be fulfilled, God controlling the hearts of men to do His will, and as surely shall all predictions concerning a still future restoration be fulfilled, and all the prophecies concerning the captivity of Israel and Judah were fulfilled, and now under Ezra and Nehemiah the prediction concerning the return from captivity are to be fulfilled, God controlling the hearts of men to do His will, and as surely shall all predictions concerning a still future restoration be fulfilled, and ## "Home Again"

The Beautiful Picture for "Family Herald and Weekly Star"  
Subscribers This Season. An Inspiration of Love and  
Affection—A Picture that will be Like a Member  
of the Family—A Daily Study for  
Old and Young

The Family Herald and Weekly Star of Montreal, acknowledged to be the greatest and best family and farm paper on the continent, has on many occasions given its readers most delightful premium pictures, but this season they have secured what is beyond any question of a doubt the best picture ever offered newspaper readers. It is entitled "Home Again" and describes a touching but joyful incident between two friends who meet after anxious separation.

"Laddie," a collie dog, famous for his beauty and gentleness, winner of many prizes at dog shows, the pride of the family and neighborhood, has been stolen, and after many days absence he escapes one night from his captor and returns home on a snowy winter's morning with the rope which he broke in his struggles for freedom dangling from his collar.

His familiar bark brings his little mistress, Marjorie, to the door and she throws her arms around her trusty playmate's neck with cries of joy which bring her mother and brother to the door. "Laddie" is equally delighted to be "Home Again" and answers her welcome by putting his paws on her shoulder and resting his head against her breast with a little whimper, which, in his dog language means—"Where I Love is Home."

The sweet faced young mother, a woman of soft curves, tender eyes and parted lips—the two glad-eyed children—an eager boy with hair like his father's and the quick gesture of skilled toyhond, the warm hearted girl with rippling locks, her affectionate arms around the shaggy neck of the beautiful collie, all go to form a picture that will win a favored place on the walls of any home.

The picture is by the celebrated artist, Arthur J. Edey, famous for his skillful and sympathetic painting of children and animals. The beautiful picture "Home Again" on heavy plate paper 22x29 inches all ready for framing will be mailed FREE to every "Family Herald and Weekly Star" subscriber for 10c.

The small sum of one dollar will secure that best of all weekly papers for a full year including a copy of the charming picture "Home Again" which alone is easily worth a two dollar bill, in fact it could not be bought for that price.
